David, I received this paper from Lauren Maher in preparation for the Industry Open House that occurred last week. We heard from AFPA that they wanted to talk about this same issue at the Industry Open House. However, they did not attend due to a last-minute scheduling issue.

I can provide this paper to Matt again to assist with prep for the meeting on Wednesday. Do you think I need to get anything else from WLO on this? Thanks!

Hi All,

Per our conversation this morning, attached is the incoming request from AFPA for the meeting on Wednesday. According to this letter, AFPA would like to discuss "human health water quality criteria, the carbon neutrality of biomass, New Source Review reform, and EPA's Advance Notice of Proposed Rulemaking on 'Increasing Consistency, Reliability, and Transparency in the Rulemaking Process.'"

Let me know if I can provide anything else. Thanks!

Hi All -

Heads up about this meeting request... Please see the attached incoming letter. I'm aiming for 9:30 on May 23 as this is the day they are requesting. Matt mentioned he is caught up on the issues they would like to discuss. So, there will not be a pre-brief for this. He would like for you to attend the meeting. I'll send out an invite once I am able to confirm the meeting. Thanks.
